Temperature	37.2 C
Pain	8/10
Complaint	Shortness of breath

AI recommendation

PROPOSED ESI

2

High acuity

Confidence: MODERATE

Key factor: low oxygen saturation

Nurse review required

The model output is not a final triage decision.

CONFIRM ESI 2

OVERRIDE

Completed HCI Mock-Up - Screen 4

Override, manual fallback and audit trail

MERCER ED TRIAGE SUPPORT

Nurse: S. Alleyne

1 Patient

2 Inputs

3 Recommendation

4 Decision

Override recommendation

Proposed: ESI 2

Select the final nurse-assigned ESI level:

1

2

3

4

5

Reason for override

- ☒ Clinical judgement differs
- ☐ Additional patient information
- ☐ Data quality concern
- ☐ Other

Optional note: Patient presentation supports ESI 3.

Audit preview
